## **SECOND LAYER:**

### **WHAT IS A COOKIE?**

This website uses cookies and/or similar technologies that store and retrieve information when you browse. In general, these technologies can serve a wide variety of purposes, such as recognizing you as a user, obtaining information about your browsing habits or personalizing the way in which content is displayed. Our specific uses of these technologies are described below.

### **WHO USES COOKIE INFORMATION?**

The data stored are processed by the company Ahead Architecture, S.L.P. with CIF B58798117 - with registered office at Roca I Batlle 30 Planta Pasaje, 08023, Barcelona

### **WHAT TYPES OF COOKIES ARE THERE?**

Cookies can be classified, by virtue of their own characteristics, into various categories.

#### *1. Depending on the entity that manages it:*

- First-party cookies: These are those that are sent to your computer and are managed exclusively by us for the best functioning of the Website.
- Third-party cookies: These are cookies that are sent to your computer and are not managed by us but by a third party.

#### *2. Depending on the period of time they remain activated:*

- Session cookies: These types of cookies collect and store data only while the User accesses the Website.
- Persistent cookies: Through this type of cookie, the data is still stored and can be accessed and processed for the period defined by the person responsible for the cookie, and can range from a few minutes to several years.

#### *3. According to the purpose:*

- Technical cookies: These are those that allow the user to browse through the website, platform or application and to use the different options or services that it offers, such as, for example, to control traffic and data communication, identify the session, access restricted access parts, remember the elements that make up an

order, carry out the process of purchasing an order, making the request for registration or participation in an event, using security elements while browsing, storing content for the dissemination of videos or sound or sharing content through social networks.

- Personalisation cookies: These are those that allow the user to access the service with some predefined general characteristics, such as the language, the regional configuration from which the service is accessed, etc.
- Analysis cookies: These are those that allow the person responsible for them to monitor and analyse the behaviour of users of the websites to which they are linked. The information collected through this type of cookie is used to measure the activity of websites, applications or platforms and to create browsing profiles of users of these sites, applications and platforms, in order to introduce improvements based on the analysis of the usage data made by users of the service.
- Advertising cookies: These are cookies that allow the management, in the most efficient way possible, of the advertising spaces that, where appropriate, have been included in the website, application or platform from which the requested service is provided, based on criteria such as the content edited or the frequency in which the advertisements are displayed.
- Behavioural advertising cookies: These are those that allow the management, in the most efficient way possible, of the advertising spaces that, where appropriate, the publisher has included on its website, application or platform from which it provides the requested service. These cookies store information on user behaviour obtained through the continuous observation of their browsing habits, which allows the development of a specific profile to display advertising based on it.

#### ¿WHICH KIND OF COOKIES DOES THE WEBSITE USE?

| Name | Type | Duration | Purpose | Own/Third parties<br>*Third parties identification:<br>(link to their Cookies Policy) |
|------|------|----------|---------|---|
|      |      |          |         |   |
